The Historic Gate Houses at Holy Sepulchre Cemetery

In the shadows of downtown, important milestones are represented at Holy Sepulchre Cemetery. No matter where you turn, this history of the people that made our city surrounds you. It is an everlasting example of the "garden" cemetery that was envisioned by Rochester's first Bishop, Bernard J. McQuaid in 1871 when the cemetery was founded.

Holy Sepulchre has restored the historical gate houses that greet visitors to the eastside of the cemetery. Originally built as waiting areas for the Rochester trolley line, these gate houses are now available for various uses that are beneficial to our community.

The gate houses may be reserved for receptions following funerals, parish meetings or retreats, non-profit meetings and gatherings, and other community events.

Gate House Reservation Information

The two gate houses at Holy Sepulchre are available to be reserved year-round and can accommodate up to 25 in each building.

The picturesque buildings are heated and air-conditioned for visitor comfort and may be reserved individually or together.
